Lesson 09.05: Compare And Contrast Experiences And Adventures: Yolanda And Vincent  
Word Work: Color By Sight Words

## Color by Sight Words

Look at the words and color all of the sight words you see. Say the sight word out loud as you color it. After you color all of the words, you will see another familiar character. Write the name of that character below when you uncover who it is. Use your Spelling Strategies Treasure Chest to help you spell the name.
