

PROJECT ACTIVATE, A SAMHSA AWARE GRANT 2018-2023

NC Project AWARE/ACTIVATE implements evidence-based mental health supports and services through a full school-and-community continuum, emphasizing universal prevention/awareness/school climate, early intervention, referral/treatment/re-entry, and comprehensive professional learning for school staff.

» GOAL 1 Knowledge and effective practice in Cohort 1

» GOAL 2 Improve school engagement through a Multi-tiered System of Supports (MTSS)

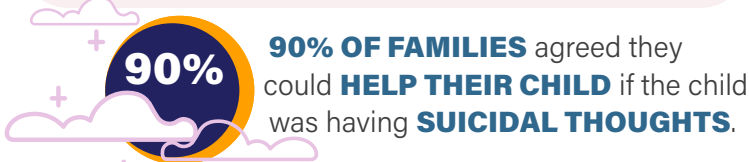

Recommended evidence-based practices implemented:

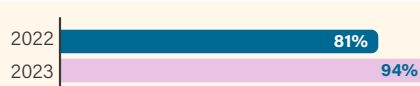

- Modular Approach to Therapy for Children (MATCH)
- Check & Connect
- Crisis, De-escalation Intervention (CDI)
- Peer Group Connection (PGC)
- Second Step
- Community Resiliency Model (CRM)
- Zones of Regulation

» GOAL 4 Establish sustainability through community and family engagement

More families agreed they participated in their child's mental health treatment

» GOAL 3 Increase the number of students receiving mental health supports

- Between 2020 and 2023, 10,980 students received mental health services, which is a **88% ACCESS RATE TO MENTAL HEALTH SERVICES**.

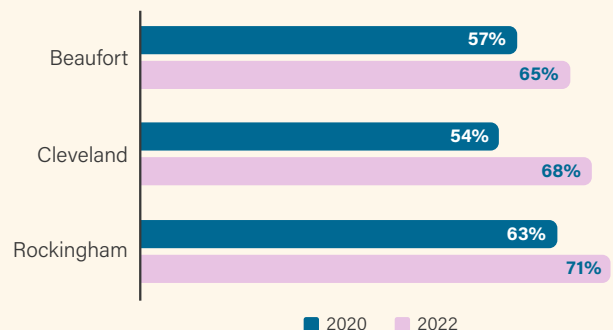

- Districts **DOUBLED THE NUMBER** of mental health personnel.

- Growth in ACTIVATE teachers who agree that **BULLYING IS NOT A FREQUENT PROBLEM**

Percentage of ACTIVATE teachers who agree that bullying is not a frequent problem

NC AWARE/ACTIVATE addressed sustainability through two replication grants, ongoing community partnerships, and continued implementation through a second cohort through 2026. Find out more about [Project ACTIVATE](#).
